

## Fratelli Tutti Poetry

Neighbours are undescrivable  
And known for being reliable  
In anger or in kindness  
Weather in happiness or in sadness.

Neighbours are undescrivable  
And known for being reliable  
They are always always there for you  
No matter if they only moved in 2022.

Neighbours are undescrivable  
And known for being reliable  
They will be with you every day  
And will be with all the way.

Neighbours are undescrivable  
And known for being reliable  
They are as special as a delightful dove  
And get to spread lots and lots of love.

## Fratelli Tutti Poetry

Our global family needs us  
It needs us more than ever  
Our global family needs us  
But we've done nothing over.

Our global family needs us  
We need to stick together  
Our global family needs us  
It will help Earth more than ever.

Our global family needs us  
We need to be eco friendly  
Our global family needs us  
We need to be an eco family.

# Fratelli Tutti Poetry

We are together,  
together forever,  
We are one.

No more wars,  
We will open doors,  
We will be one.

We are one,  
till life's done,  
we will cross,  
cross hands,  
we will make lands.

Fradehji Tuttil poetry  
People stay together  
Through happy and sad  
Because were friends forever  
Even when your mind

We play together  
And stay together  
We can be friends if your kind  
You can even be kind

Family's come together  
To be silly forever  
Whether you work or play  
We will always find a way

If you have friends  
Make sure your friendship never ends  
They cant stick to you like glue  
But they can like glue

Friends can be with you for no reason  
In any season  
In sickness or health  
In poverty or wealth

## Fratelli tutti poetry

We are forever together,  
we are friends and family,  
we are sunny together,  
And sometimes silly.

We are forever together no matter what's in  
the way,  
We are forever together every day  
We are family and friends no matter what  
We are friends and family day by day.

Fratelli tutti Poetry

Your friends should be like family,  
And stick to you like

Glue

No one is left

Neither should you.

Everyone, Everyone in your family  
Loves you

They care for you, they pray for you

There always there when you need them

Help them they help you, your family loves  
you

## Fratelli Tutti Poetry

Families stay together,  
They will forever,  
Whether work or play,  
They somehow find a way,  
They will always be near,  
They will always be here,

Families have trust,  
Families must,  
In death or life,  
In happiness or strife,  
Families stay together,  
They will forever,

Families care,  
Families share,  
Families are there for each other,  
Families are there for one another,  
Families stay together,  
They will forever,

## Fratelli Tutti Poetry

Friends are the best,  
No matter what people say.  
Friends are the best,  
No matter what happens on the way.  
Friends are the best,  
We talk and play.  
Friends are the best,  
We are friends day by day.

Friends are the best,  
Because they care.  
Friends are the best,  
Because they share.  
Friends are the best,  
Because they are fair.  
Good friends are rare.

Friends are the best,  
Because they are kind.  
Friends are the best,  
They share what they find.  
Friends are the best,  
Because they have a great mind.

## Fratelli Tutti Poetry

Families may fight sometimes  
But this doesn't mean they don't care.  
Families are truly fine  
And love is always in the air.

Friends are super we need to be together  
Friends are super we are there forever  
Friends are super there are there for you  
Friends are super some friends are new

## Fratelli Tutti Poetry

Family is the best,  
they try to give you good fate.  
Family is the best,  
they might have a debate.

Family is the best,  
they put a roof under your head.  
Family is the best,  
at night they put you in bed.

Friends stay together.

They will forever.

Whether or not they will still find a way.

They will always be near.

Fratelli Tutti Poetry By Iris

Family are always together

Friends forever

Family never make you sad

Friends make you feel glad

Friends always share

Family makes you feel like a baby bear

Friends never shame

Family gives you a nickname

## Fratelli Tutti Poetry

Family support forever  
For always and ever  
Stick to you for life  
Even through strife  
At all times reach out to you  
Just like panda's with bamboo

Family support forever  
For always and ever  
In anger or in kindness  
Whether all seeing or in blindness  
If they are bright or dark  
They will never bark

Family support forever  
For allways and ever  
If they're old or cold  
They will never be sold  
Even if they dream  
You'll always be a team!
